UMASS LOWELL VLABS ZONES

UMass Lowell vLabs allows students, faculty and staff to access the university's software anytime from anywhere, including residence halls, libraries, and even from home. You now have access to any tool or application available in an on-campus lab on your Laptop, home PC, and even your tablet or smartphone.

Access vLabs Online

Select [Client Configurations](#) to learn how to configure your device for vLabs.

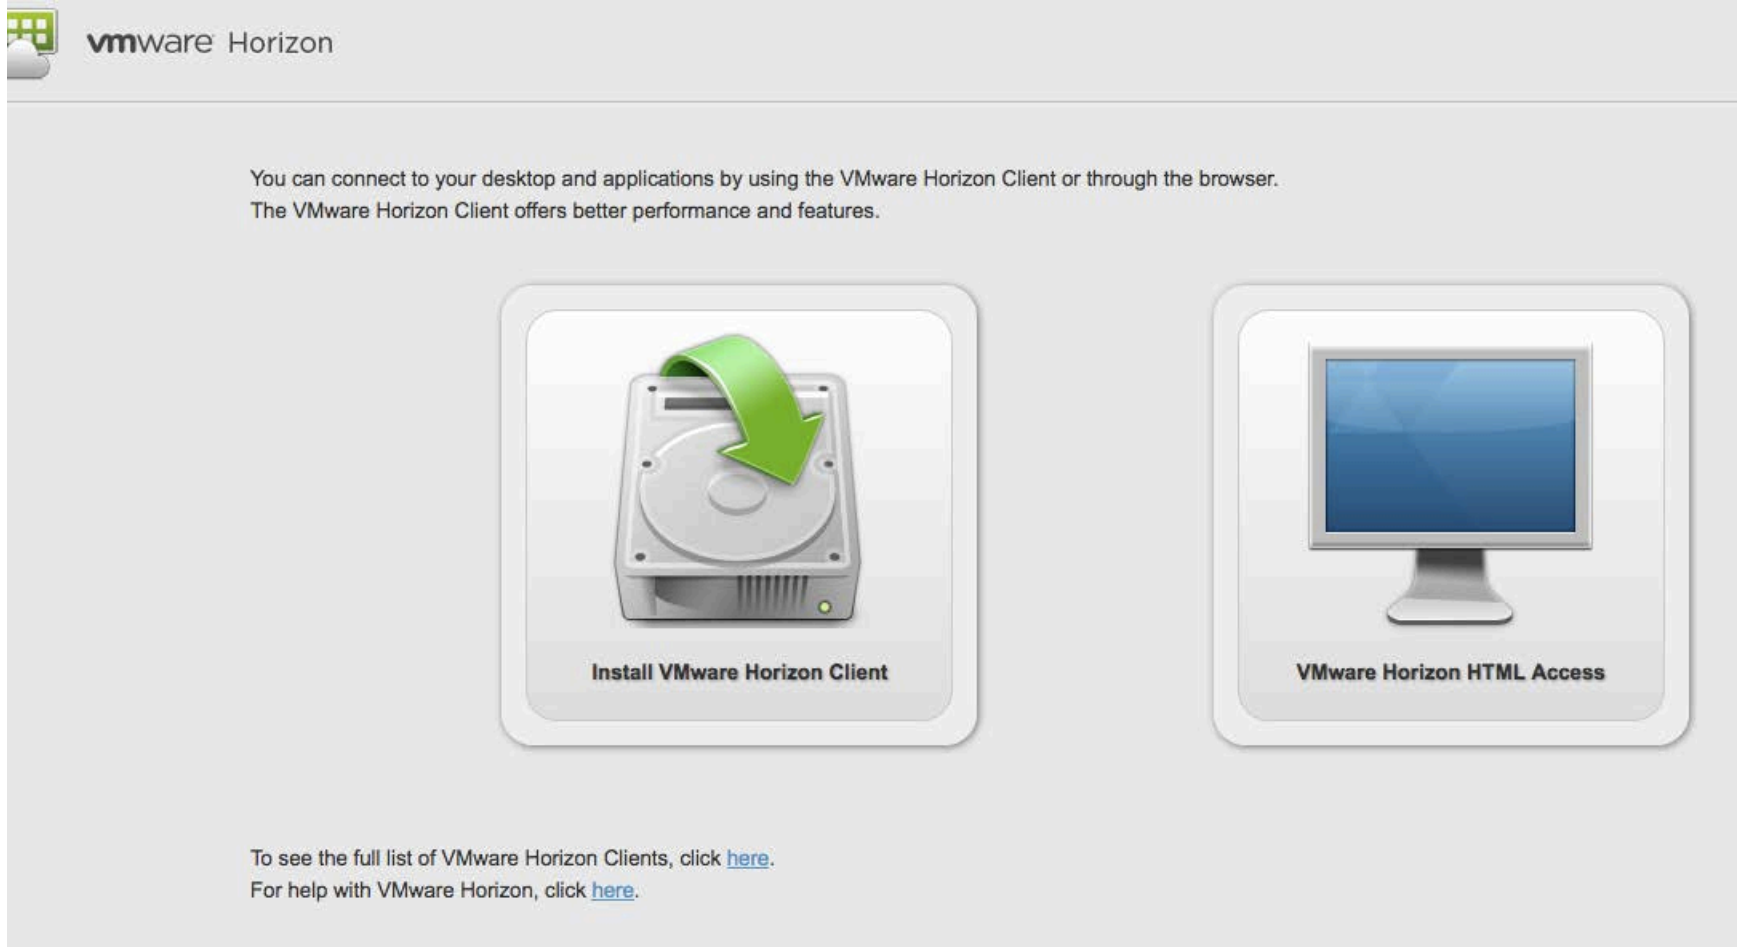

For information on connecting USB devices to a vLabs terminal on campus, please select [USB Information](#) from the sidebar.

All labs are equipped with Office 2016 Professional Plus, Acrobat Pro, Web browsers (Chrome, Firefox and IE), Adobe CS6 (Design and Web), Pharos, and Adobe Flash, AIR and Shockwave. Visit [vLabs Custom Software](#) for all software available in vlabs.

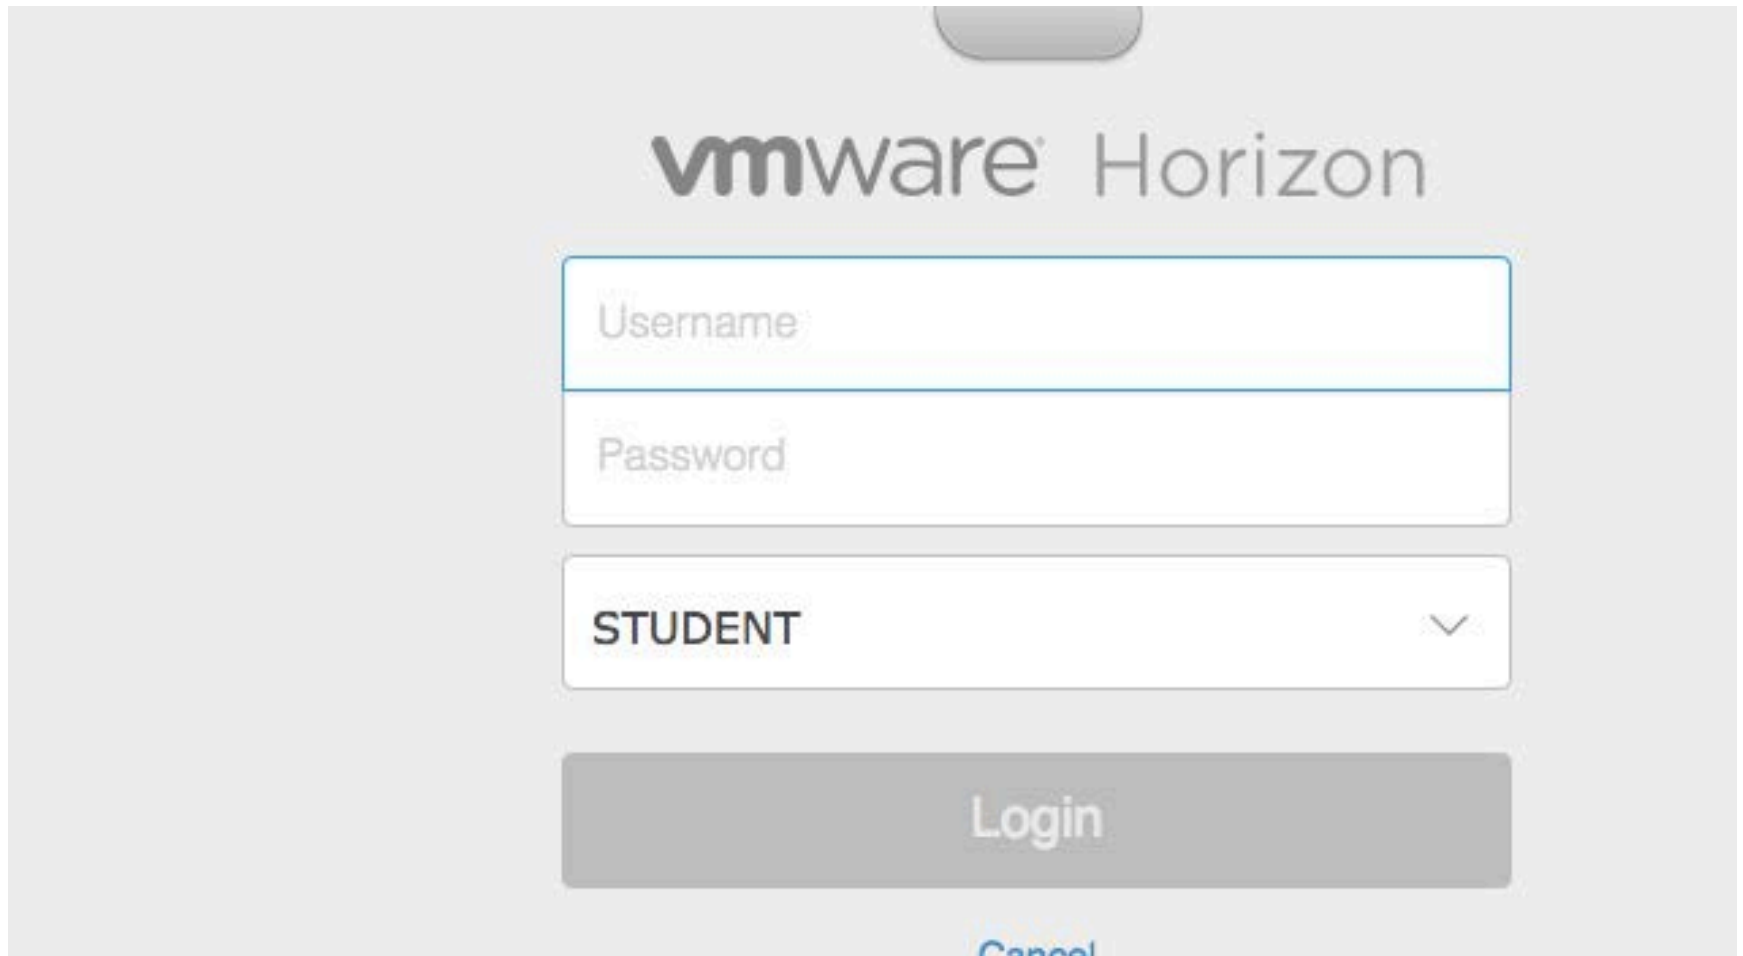

If you prefer to use a UMass Lowell vLabs terminal, you can locate one in the following areas:

South Campus

3. Click on “VMware Horizon HTML Access”

4. Provide your UML Credentials

The image shows the VMware Horizon login interface. At the top, the VMware logo is followed by the word "Horizon". Below this, there are three input fields: "Username", "Password", and a dropdown menu currently showing "STUDENT". At the bottom, there is a large "Login" button and a smaller "Cancel" link.
